

ATTACHMENT & INTERNSHIP PROGRAMS

The Senate Liaison Office (SLO), operating under the Office of the Clerk of the Senate, coordinates the Internship and Attachment Programs as part of its Capacity Development mandate, one of the SLO's three strategic pillars.

Overview

The Senate Liaison Office (SLO), operating under the Office of the Clerk of the Senate, coordinates the Internship and Attachment Programs as part of its Capacity Development mandate, one of the SLO's three strategic pillars.

The Internship Program hosts 10 university and diploma graduates for a 6-month period, selected through a competitive interview process conducted by the Senate Training Committee.

The Attachment Program, by contrast, hosts a variable number of undergraduate and diploma students for 3 months, with selection guided by the staffing needs of individual directorates and recommendations from the Senate Liaison Office.

Together, the two programs give young Kenyans structured, hands-on exposure to the workings of Parliament and the legislative process as well as the unique opportunity to learn more about devolved governance in Kenya.

Program Structure

- Onboarding support: badges, lunch, stipend, and documentation (agreement forms, log books, Constitution of Kenya).
- Coordinated communication.
- Daily attendance and monthly progress/welfare meetings.
- Exposure to devolution through lectures and stakeholder visits (COG, IGRTC, County Assemblies, CRA, among others).
- Research assignments on topical issues.
- Exit meetings, recommendation letters, and an official interns' graduation ceremony.
- Established alumni network with continuous engagement for a period of 2 years upon completion of the internship program.

Successes

Stakeholder study tours, comprehensive exposure to the workings of the legislature, intern-authored papers, networking opportunities, and career-development lectures have strengthened the program's impact and structure.
