CHAPTER 1

INTRODUCTION

Article 126 (1) of the Constitution of Kenya provides that a sitting of either House of Parliament may be held at any place within Kenya and may commence at any time that the House appoints.

It is in line with this provision of the Constitution that on 30th May, 2023, through a Motion, the Senate resolved to hold its Plenary and Committee sittings in Turkana County, from 25th to 29th September, 2023.

To prepare and actualize the resolution of the Senate, the Clerk of the Senate vide a Memo dated **2nd June, 2023** constituted a Planning Committee comprising-

	Name	Designation
1.	Mr. Zakayo Mogere	Deputy Director, Legislative and Procedural Services/Chairperson, Planning Committee
2.	Mr. Boniface Lenairoshi	Deputy Director, DSEC
3.	Mr. Emmy Chepkwony	Deputy Director, DGAC
4.	Ms. Josephine Kusinyi	Principal Legal Counsel I
5.	Mr. Daniel Chania	Principal Clerk Assistant I
6.	Ms. Hortensiah Nyawira	Principal Hansard Editor
7.	Ms. Dorcus Ambuto	Principal Public Communications Officer
8.	Ms. Lucianne Limo	Ag. Chief Media Relations Officer
9.	Mr. Maricus Agutu	Principal Research Officer
10.	Ms. Rachael Nakitare	Technical Manager, PBU
11.	Mr. Innocent Mbaya	Senior Clerk Assistant
12.	Ms. Kavata Musyoka	Senior Clerk Assistant
13.	Mr. Stephen Maru	Senior Serjeant-at-Arms I
14.	Ms. Maryanne Karanja	ICT Officer II
15.	Mr. Umuroo Budha Duba	Procurement Officer II
16.	Ms. Gladwell Ngiru	Personal Secretary (Secretariat)
17.	Ms. Mercy Mwongeli	Clerk Assistant III (Secretariat)
18.	Ms. Zahida Mwinyi	Clerk Assistant III (Secretariat)
19.	Mr. Martin Kamau	Office Assistant

The Senate Planning Committee, considered the need for technical officers in various fields to undertake a detailed site visit to Turkana County, in a bid to set the infrastructure required, identify the gaps and recommend solutions for a seamless operation during the sittings. The team comprised of the following members –

	Name	Designation
1.	Mr. Waweru Ndindiri	Superintendent Buildings
2.	Mr. Simon Muinde	Audio Supervisor
3.	Mr. Erastus Yegon	Senior Food and Beverages
4.	Mr. Richard Njoroge	Electronics Officer
5.	Mr. Kenneth Opondi	ICT Officer
6.	Mr. Evans Ombati	TV Technician
7.	Mr. James Kibuchi	Technician/Radio (KBC Staff)

The Committee alongside the technical officers, were tasked with the responsibility of organizing, planning and facilitating the necessary logistics to enable the Senate to sit in Turkana County. The Committee held a total of fifteen (15) meetings and two reconnaissance visits to Turkana County; one by the Planning Committee and Technical officers and the other by the Senate Board of Management on 3rd – 7th July, 2023 and 3rd – 5th August, 2023 respectively.

The Leadership met with their counterparts at the Turkana County Assembly. The Senate leadership thanked the County Assembly of Turkana for hosting the sittings of the Senate in the County.

The Senators also met with the Governor of Turkana County, H.E. Jeremiah Ekamais Napotikan and thanked him for his cooperation towards the planning for the sittings. The Governor hosted dinner on Wednesday, 27th September, 2023 in honor of the delegation.

CHAPTER 2

TRANSPORT TO AND FROM LODWAR

The planning of the sittings of the Senate in Turkana County presented unique challenges, primarily related to the limited availability of flights to the region. Skyward Airlines is the only Airline servicing this region, which made it difficult to procure a sufficient number of air tickets for all Senators and Staff.

To address the ticket procurement challenges, the Committee explored alternative options and resolved to recommend to the Senate Board of Management (SBOM) that a majority of the Staff travel by road. The Committee also sent letters to the Ministry of Interior and National Administration requesting for provision and coordination of security services to the Senate staff along the Kitale – Lodwar Highway and in Turkana County.

Subsequently, the Senate Board of Management (SBOM) resolved that: -

- i.) the available seats on the scheduled flights to Lodwar be procured, whereby a limited number of seats were secured for some Senators and staff;
- ii.) a plane be chartered, whereby a 50-seater aircraft was availed to transport some Senators and staff; and
- iii.) the remainder of the staff complement travel by road.

The travel by road was supported by procured vehicles which ferried staff from Nairobi to Lodwar. Fifteen (15) Prado vehicles, Five (5) Coaster Buses and Four (4) Vans were sourced from Nairobi, which helped ease the logistical challenges. Other logistic partners included the National Police Service, who provided lead cars for escort.

The table below highlights a breakdown of air travel costs incurred –

S/No.	Airline	No. of participants	Average Cost Per Ticket	Price (Kshs.)
1.	Skyward Non-Chartered plane from Nairobi to Lodwar and back	120	48,000	5,785,600
2.	Skyward Chartered plane from Nairobi to Lodwar and back	50	51,000	5,195,820
TOTAL INCLUSIVE VAT (KSHs.)				10,981,420

The table below highlights a breakdown of costs incurred in hiring vehicles used for ground transport –

S/No.	Service Description	Total (Kshs.)
1.	Hire of Two Prados for the Speaker's Office from 22 nd September to 1 st October, 2023	1,000,000
2.	Hire of 15 (Fifteen) SUVs from 22 nd September - 1 st October, 2023 (TEAM NAIROBI)	6,750,000
3.	Hire of Five (5) Coasters and Four (4) 14-Seater Vans from 22 nd September, 2023 – 1 st October, 2023	3,230,000
4.	Hire of 20 (Twenty) SUVs used for the Senate Mashinani in Turkana County from 22 nd September -1 st October, 2023 (TEAM TURKANA)	5,880,000
5.	Hire of the Truck (MOVERS) to transport office equipment from 22 nd , 23 rd and 29 th , 30 th September 2023	720,000
6.	Hire of Two (2) SUVs for the advance team from 21 st to 23 rd September, 2023	270,000
TOTAL (KSHs.)		17,850,000

CHAPTER 3

ACCOMMODATION

The Planning Committee recommended to the Senate Board of Management (SBOM) to approve the option of paying quarter per diem to Senators and staff and secure accommodation for them on **Half Board basis**, and after a thorough evaluation, the recommended choice was approved. This option allowed Senators and staff to concentrate on their legislative responsibilities and official duties were carried out smoothly.

The table below shows the hotels that were engaged to provide accommodation for Senators and staff –

S/No.	Service Provider	Capacity	Price (KSHs.)
1.	Stegra Hotel	74 pax	3,573,000
2.	Acacia Residences	15 pax	822,400

CHAPTER 4

MEALS (TEAS, LUNCHESES AND DINNER)

The Procurement team engaged M/S Cradle Limited to provide teas and lunches for Senators and Staff while in Turkana County. The service provider alongside the Senate's Catering department coordinated provision of meals for approximately 600 Pax, as well as dinner/cocktails hosted by the Speaker of the Senate and Clerk of the Senate, during the period of the sittings in Turkana County. The teas and lunches for Senators and staff were served at the tents pitched at the parking yard and the Archives building opposite the Assembly, respectively.

The service provider and the total cost for the provision of meals is as indicated below –

Procurement of outside catering services (teas, lunches & dinner/cocktails) by M/S Cradle Limited	- Kshs. 19,021,380

Further, during the week, the officers serving in Committees were joined by the secretariats of the counterpart Committees of the County Assembly of Turkana for hands-on learning, exchange and experience sharing.

The detailed activities undertaken by each of the said Committees is as set out below:

1) Standing Committee on Agriculture, Livestock and Fisheries

Meeting with the National Irrigation Authority at Katilu Irrigation Scheme on Monday, 25th September, 2023

The Standing Committee on Agriculture, Livestock and Fisheries visited the Katilu Irrigation Scheme on Monday, 25th September, 2023. The Chief Executive Officer, National Irrigation Authority informed the Committee that: -

- a) Turkana County has an irrigation potential of over 1 million acres based on the published surface and ground water resources and that the County has a surface water irrigation potential of 42,000 acres. The area developed under irrigation is approximately 10,000 acres within two river basins namely Turkwel and Kerio;
- b) There are several schemes located in four constituencies, that is Turkana South, Turkana East, Turkana Central and Loima;
- c) Since 2010, the Authority has approached irrigation development in Turkana based on the needs of the communities which includes the construction of new schemes, rehabilitation and expansion of existing schemes, capacity building and production and market linkage;

- d) The main crop value chains in Turkana County are maize, millet, sorghum, cowpeas and green grams. Other crops include local vegetables, date palms, spinach, bananas, kale and tomatoes. Katilu irrigation scheme grows banana, grafted mango and pawpaw fruit trees. New crops such as groundnuts, yellow flesh potatoes, watermelon and tomatoes have been introduced in the scheme;
- e) One of the major challenges is the pastoralist/farmer's conflict in the sustainable irrigation development in the County and a number of measures have been put in place by the Authority to realize sustainable irrigation development in Turkana County.

The Committee observed that: -

- a) There is a very high level of siltation at rivers Turkwel and Kerio which is a challenge due to frequent desilting. The desilting of the canal has been limited to mechanical removal of silt from canals due to the topography of the area;
- b) There is need for modern canals, lining of canals, cross drainage structures and flood control/protection to prevent the silt deposits;
- c) Pastoralist/farmers conflict in the County. The pastoralists have issues with the irrigation schemes using the land that they use for their animals to graze;
- d) Farmers at the irrigation scheme lamented of insecurity arising from livestock invading their farms since there is no fence to protect their crops;
- e) There was insecurity around the river from West Pokot;
- f) Many partners are shying away from the Katilu Irrigation Scheme thinking it's being managed by the National Irrigation Authority;
- g) There is need to deploy National Police Reservists to work with farmers to curb insecurity; and
- h) Training of locals on crop farming.

Model farm at Katilu Irrigation Scheme

Meeting with the Sectoral Committee on Agriculture, Pastoral Economy and Fisheries of the County Assembly of Turkana, on Tuesday, 26th September, 2023

The Standing Committee on Agriculture, Livestock and Fisheries met with their counterpart Sectoral Committee on Agriculture, Pastoral Economy and Fisheries to deliberate on the challenges in the agricultural, livestock, fisheries and the blue economy sector and ways the National Irrigation Authority has clustered the various irrigation schemes and Katilu Irrigation Scheme is the model.

The Chairperson, Sectoral Committee on Agriculture, Pastoral Economy and Fisheries mentioned that Turkana County depends on seasonal rivers. The seasonal rivers dry up and inconvenience the farmers during the planting seasons. When the rivers are swollen, they do canal irrigation and desilting which is very tiresome due to inadequacy of machines.

The members of the counterpart committee proposed that the Committee should have visited other Irrigation Schemes that are not doing well instead of Katilu Irrigation Scheme which seems to be doing well due to support from the National Irrigation Authority.

On the challenges that the farmers face, he enumerated the following: -

- a) Accumulation of silt in canals;
- b) Insecurity to Katilu Irrigation Scheme from the livestock due to lack of fencing;
- c) Farms contain loose soil which needs strong structures to retain the soil to avoid collapsing of the canals;
- d) The irrigation scheme which has soil but lacks water;
- e) The Insecurity at the borders due to lack of security personnel;
- f) Foreigners from Congo and Uganda who come to Turkana and buy dried undersize fish at Kshs. 1.20;

- g) Officers manning the lake are reluctant in assisting the locals since the locals have been radicalized;
- h) No livestock Insurance;
- i) No funds for the Committee to oversight projects done by the County Government under the Committees Mandate;
- j) Agricultural projects that have been funded by the National Government which have no connection with the County Government;
- k) No linkages between the County and other agencies;
- l) Little funding towards livestock farming;
- m) Donkeys getting extinct. The Chinese skin donkeys alive and buy the skin for Kshs. 10,000 and use the skin to produce Viagra; and
- n) Other players apart from National Irrigation Authority (NIA) need to be brought on board for crop farming to evolve. Currently there is only 1 agronomist in the County from the National Irrigation Authority. NIA needs to be under the County Government and employ locals from the County and not under the National Government.

The Committee observed that: -

- a) The Committee observed that the maize plantation visited was very far from the Irrigation Scheme;
- b) The Committee saw about 4-5 tractors on another part of the plantation tilling land of about 15 acres. It appeared that the tractors were planned to be there just for the visit;
- c) The Agricultural potential in Turkana County is huge. This opportunity comes with a lot of challenges. The Legislature and Executive are not properly drawing the line. The Assembly is not a subject of the Executive, it is meant to do its work; and
- d) The farmers have never received any fertilizer from either the County Government or the National Government. The only fertilizer that was received was top dressing.

Thereupon, the Committee resolved to meet with the Principal Secretaries for the State Department of Crops, State Department for Livestock, State Department for Blue Economy and State Department for Irrigation to deliberate on the issues affecting Turkana County.

Meeting with Turkana Cooperative Fishermen Society and the Fishermen at Kalokol, on Thursday, 28th September, 2023

The Standing Committee on Agriculture, Livestock and fisheries visited the Turkana Cooperative Fishermen Society and was informed that the Cooperative Society was started in 1968 with 4,500 fishermen from all over the County. The cooperative Society has nine (9) branches, and each branch has its members. The membership of the Cooperative Society currently stands at two-hundred and fifty (250).

The Committee was able to tour the factory that was constructed by the Norwegian Government. The factory was to provide the cooperative society with cold rooms to store their fish at the said factory.

The factory started facing challenges in 1991 due to politics between the Norwegian and Kenyan Government and it was at that point the Norwegians went back to their Country. The Cooperative Society has never received any donors since the Norwegians left.

During that time there was good market for sale of their fish in Rwanda, Burundi and Uganda. This led to poor Governance and emergence of cartels (Monopoly).

The Committee was informed of the following challenges faced by the fishermen: -

- a) Invasion by foreigners from Uganda and Congo to buy undersize fish who are given licenses by the Government;
- b) There has never been any servicing of the machines in the factory, lack of trained personnel to run the machines and little resources to run the machines;
- c) Lack of right fishing gear to fish Nile perch in deep waters;
- d) Boats made from wood which rot overtime;
- e) Investors who buy small fish before they mature have spoilt the market;
- f) Nets not recommended in Kenya being bought in Ethiopia;
- g) Cooperative management not knowing the market well hence not being helpful to the fishermen; and
- h) Revival of the factory to help fishermen and also create jobs.

2) Standing Committee on Education

Meeting with the Governor, Turkana County Government to deliberate on the implementation status of Early Childhood Development Education (ECDE) and the Technical Vocational Education and Training (TVET) policies in the County, on 26th September, 2023

Following deliberations, the Committee resolved: -

- a) The County Government to consider providing boarding facilities in the CVTs to ensure learners from far flung areas benefit from the training offered;
- b) The County Assembly of Turkana and the County Government to ensure sufficient resources are allocated to the Education Department to cater for-
 - a. provision of learning and training materials in ECDE and CVTCs;
 - b. boarding facilities at the CVTCs
 - c. the School Meals Programmes;
 - d. ECDE Teachers recruitment; and
- c) Members of the Turkana County Assembly to sensitise their constituents on different programs offered by the CVTCs.

Site Visits

On 28th September, 2023, the Committee conducted oversight visits to the following institutions to acquaint itself with the implementation status of the Sector Policy for Learners and Trainees with Disability: –

- a) St Bernadette School for Hearing Impaired; and
- b) Education Assessment and Resource Center at Lodwar Mixed Primary School.

Following from the visits, the Committee resolved: -

- a) To invite the Chief Executive Officer (CEO) of the Teachers Service Commission (TSC) to provide information about the staffing and promotion of teachers in Special Needs Education (SNE) institutions;
- b) To invite the Cabinet Secretary Ministry of Education to provide information about the allocation of Capitation Funds, learning and teaching materials in SNEs and Integrated Schools; and
- c) To seek information from the National Council of Persons with Disabilities (NCPWD) and the Teachers Service Commission about tax exemptions for teachers with disabilities.

3) Standing Committee on Energy

On Monday, 25th September, 2023, the Committee visited Lake Turkana Wind Power Limited (LTWP) in Loiyangalani, Marsabit County. Following from the visit, the Committee resolved: -

- a) To invite Kenya Power and Lighting Company (KPLC) to find out what caused the National Power Blackout experienced on 25th August, 2023;
- b) To follow up on the payment of carbon credits by Lake Turkana Wind Power Company to KPLC for onward forwarding to Treasury and the counties; and
- c) To follow up on the transmission line that fell in Kinangop in 2021 and is yet to be fixed.

On Tuesday, 26th September, 2023, the Committee met members of the Counterpart Committee of Energy from Turkana County Assembly. The resolution from the meeting were that the Committee will continue to engage with Turkana County Assembly committee on Energy.

Later the same day, the Committee visited Tullow Oil in Lokichar, Turkana County. Arising from the visit, the Committee resolved: -

- a) To have a follow up meeting with Tullow Oil and the Turkana County Assembly Committee on Energy;
- b) To write to the County Government of Turkana to inquire on the amounts paid for lease by Tullow Oil;
- c) To follow with the Ministry on Energy and Petroleum on the amounts paid for the early oil programme;
- d) To follow up on why the field development plan that were submitted by Tullow Oil to the Ministry of Energy and Petroleum had taken so long to be approved; and
- e) To follow up on the Environmental challenges that are affecting residents near the Oil Wells drilled.

4) Standing Committee on Health

On Tuesday, 26th September, 2023 at 10.00 a.m., the Committee held a hybrid meeting to receive submissions on the Facilities Improvement Financing Bill, 2023 (Senate Bills No.43 of 2023) and the Primary Health Care Bill, 2023 (Senate Bills No.44 of 2023). The committee held the meeting in conjunction with the counterpart Committee on Health of the County Assembly of Turkana.

During the meeting, the Committee received submissions from over 10 stakeholders, some of whom appeared physically in Turkana, while others joined the meeting virtually.

On Tuesday, 26th September, 2023 at 1.45 p.m., the Committee met to deliberate on the submissions received in respect of the two Bills, and subsequently adopted the Reports thereon. These were later tabled in the Senate during the plenary sitting held that afternoon.

On Thursday, 28th September, 2023, the Committee held familiarization and inspection visits to: -

- a) Kangagetie Primary Health hub, Kangatotha Ward, Turkana Central Sub-County;
- b) Nakaliban Outreach site, program run by the Turkana County government, World Vision, and UNICEF; and
- c) Lodwar County Referral Hospital.

The Committee undertook the visits in conjunction with the Counterpart Committee on Health of the Turkana County Assembly.

5) Standing Committee on Information, Communication and Technology

On Thursday, 28th September, 2023, the Standing Committee on Information, County Communication and Technology was joined by the counterpart Committee of the Assembly of Turkana to visit various ICT projects within Lodwar town. This included:

-

- i) Courtesy call to the Office of the County Commissioner, Turkana County;
- ii) Inspection visit to the ICT Authority Installations namely;
 - a) The Lodwar County Server Room within the County Commissioner premises
 - b) The Core Site Under the Eastern African Regional Transport, Trade and Development Facilitation Project (EARTTDFP)
- iii) The Committee, Launched Public WIFI, in the following locations within Lodwar Town;
 - a) Lodwar Police Station WIFI Launch
 - b) Lodwar Fresh Produce Market
 - c) Lodwar Livestock Market
- iv) Visit to Lodwar County Referral Hospital: Google Installations and Server Room; and
- v) Visit to the Startup Lions ICT Hub in Loropio, Turkana County.

6) Standing Committee on Land, Environment and Natural Resources

On Tuesday, 26th September, 2023, the Committee met with stakeholders to deliberate on the formulation of legislation to secure community land rights as exploration of oil and other minerals continues in Turkana County. Among these were –

- a) *Mining and Oil Exploration* – Queries arose on who are deemed as the rightful landowners especially in cases where the land belongs to the Community and serves as grazing fields and how do these owners get compensated;
- b) *Compulsory Acquisition* – Tenets on compulsory land acquisition specifically in areas where oil has been discovered within the Community as well as other mineral resources;
- c) *Boundary Disputes* – Owing to the availability of resources, boundary disputes are prone to happen leading to land issues, infighting and cattle rustling among other concerns.
- d) *Titling* – the Community wishes to have title deeds issued to the residents and grazing fields clearly marked and put aside for the entire Community.

The Committee noted the challenges that were being experienced by the Lands Registrar and the Adjudication Officer; Turkana and West Pokot Counties that included adequate staffing, vehicle, and fuel. Further, the Committee noted that they didn't have a good office that could act as storage of title deeds. Security was also a challenge that was highlighted by all the stakeholders.

The Committee made the following resolutions –

- a) To scrutinize the challenges raised by stakeholders from both the County Government of Turkana County and the Land Registrar, Turkana County and categorize them in terms of what can be done by the Ministry using the existing Law and thereafter consider making amendments to the Community Land Act, 2016 in form of a Bill to be sponsored by the Committee; and
- b) Invite the Cabinet Secretary Ministry of Lands, Public Works, Housing and Urban Development to appear before the Committee to respond to queries on why there was low deployment of human resource workforce in the marginalized regions of Turkana and West Pokot Counties, yet the land there is vast.

7) Standing Committee on National Cohesion, Equal Opportunity and Regional Integration

On Monday, 25th September, 2023, the Standing Committee on National Cohesion, Equal Opportunity and Regional Integration met with the counterpart Committee of the County Assembly of Turkana for experience sharing and capacity building.

The Committee observed that the major causes of conflict in the area were lack of adequate natural resources, especially water and pasture, banditry and livestock theft, and incitement from local leaders.

The Committee resolved that the Turkana County Assembly Committee on Security prepares a detailed report addressing the challenges to achieve cohesion in the region and shares it with the Committee so that the Committee can make an informed decision on how to support them.

8) Standing Committee on National Security, Defence and Foreign Relations

On 25th September, 2023, the Committee met with the Commander, Rural Border Patrol Unit to deliberate on challenges faced by the Unit in the implementation of security along the borders in Turkana County. In attendance were the members of the County

Security Administration and Disaster Management Committee-Turkana County Assembly who were instrumental in contextualizing the proceedings of the meeting and also a chance for the counterpart committee to learn how Senate conducted its proceedings.

On 26th September, 2023, the Committee met with the Turkana County Security Personnel to deliberate on the status of security in Turkana County, the incessant cattle rustling and banditry in the area, and the role of the National Police Reservists in complimenting the security apparatus in the County.

9) Select Committee on County Public Accounts

On Monday, 25th September, 2023, the Committee met with the County Governor of Turkana, Hon. Jeremiah Ekamais Lomorukai to interrogate the Auditor General's reports of the County Executive of Turkana for Financial Year 2020/2021.

On Tuesday, 26th September, 2023, the Committee met with the County Assembly Speaker and Clerk of Turkana, Hon. Christopher Nakeleu and Mr. Linus Lokawa respectively to interrogate the Auditor General's reports of the County Assembly of Turkana for Financial Years 2019/2020 and 2020/2021.

On Thursday, 28th September, 2023, the Committee undertook Project Visits in Turkana County, County Headquarters, Governor's Official Residence, Lodwar Fire Station, Speaker's Residence, and the New Turkana County Assembly Chamber.

MEDIA AND BROADCASTING OF SENATE PROCEEDINGS

Broadcasting

Turkana County hosted 57 Senators for the 3rd edition of the Senate Mashinani for one week, where 3 days' plenary sessions were held at the Turkana County Assembly, from Tuesday 25th September to Thursday, 28th September, 2023.

The Senate, in consultation with the Parliamentary Broadcasting Unit (PBU) that works closely with the Kenya Broadcasting Corporation (KBC), expanded the contract to include the team traveling to Turkana for live coverage of the sittings. The team therefore required the following: -

- i.) Full Outside Broadcast (OB) Van equipment for Radio and Television;
- ii.) Satellite News gathering facilities;
- iii.) Technical personnel; and
- iv.) Live Streaming facilities.

The team comprising of the Technical Manager, Radio Technician, TV Technician, Producer and Microwave Link Technician teamed up with other technical officers from Audio, Hansard and ICT sections to ensure they rigged the venue in readiness for live broadcasts. The early preparations helped identify gaps on power dips, inadequate internet, among others which were addressed in good time.

The unit produced four promotional videos that ran on KBC TV & Radio, Parliament website, Social media platforms and at the beginning of the Senate sessions for the week preceding Turkana as well as during the sittings in Turkana. They also produced a new bumper for the sittings in Turkana County.

Media

The Planning Committee mandated the Media Relations Department to formulate a Media Strategy that would raise awareness in the public before and during the sittings in Turkana County. The Media Relations Officers deployed to the Senate came up with a Media plan that included interviews by the Leadership and other Senators. Additionally, twelve (12) Kenya Parliamentary Journalists Association (KPJA) journalists were nominated to join the Media team.

As part of the media plan, the team drew up several advertisements which ran in both Radio and television stations targeted at the entire country. The team also made use of

the Parliament's Social media platforms in updating the activities of the event. The advertisements ran as follows:

1) Radio and TV adverts

NO.	MEDIA HOUSE	ACTIVITY	FREQUENCY	COST
1.	Citizen Television	45 Seconds informercial	Airing adverts for one week (19 th to 25 th September)	1,015,000

	Committee interview on the two (2) Health Bills that were passed	Sen. Jackson Mandago
	Interview on the state of security in Lodwar and Turkana County in general	Mr. Jacob M. Ouma, the County Commissioner of Turkana County

3) Social Media

The Parliamentary social media handles were updated regularly to capture the events taking place during the weeklong events.

- The handles are on facebook page - Parliament of Kenya, Twitter Senate - @senate-KE, @SENCommitteeKE, Instagram @Senate-ke and Parliament Website.
- The four media houses also updated their social media on the Senate event.

4) Committee Coverage

The Senate committees received favorable coverage in Turkana County by both mainstream media (TV, print and radio stations) and in social media as shown below:

The **Department for Public Communications** provided the following services:

a) Public Education and Outreach

General public outreach programme involving engagement with the members of the public was undertaken as indicated below –

- i.) A 150 seater tent branded and decorated in Senate colours was set up.
- ii.) The exhibition received 100 individual visitors, one church group (A Reverend and ten followers), one University, one Medical Training College, one Secondary School and four Primary Schools.
- iii.) Each school had a maximum of 45 students and five teachers and a minimum of 32 students and four teachers.
- iv.) The schools learned about Senate, Senators, Parliament and Counties. The following were areas of interest for the members of the public:
 - How to petition Senate
 - Relationship between National Assembly and Senate
 - Role of Senators and their distinction from Members of the National Assembly
 - What senate was doing in Turkana County
 - The Mace
 - The Hansard
 - The History of the Senate – why the first Senate dissolved into the National Assembly

- Who in National Government is in charge of National Security and what role Senate plays in ensuring security in the Counties
- v.) The Stand had space for simulation of Senate sittings and watching of the live proceedings.
 - vi.) Pictorials of the evolving of Parliament were on display as aids for telling the Senate story and journey.
 - vii.) Pull-up banners depicting Senate leadership were on display for visiting publics to familiarize themselves with Senate Leadership.
 - viii.) Public Communications Department provided publications on the Senate (Senate weekly – a few copies). We had on display the Order paper of the first Senate of 1963, Hansard of the Senate of independence and matching pictures of the joint sitting of the Senate and the House of Representatives in 1963.
 - ix.) There was the display of when the first mace was received for the East African Protectorate Legislative Council of 1958.
 - x.) On display also were Pictorials of the mace and the joint sitting of the current Parliament officiated by H.E. Dr. William Samoei Ruto.
 - xi.) The PCOs alternated between manning the stand, attending to committees and receiving guests at the airport.
 - xii.) The Turkana County Assembly chamber was small and could not accommodate many. It was unfortunate that we could not also bring into the speaker's gallery the general public of Turkana who visited the stand. They were not appropriately dressed for the gallery.
 - xiii.) The schools got a chance to visit the galleries.

The Senate Serjeant-at-Arms were present at the Senate's Exhibition stand and ensured that security was well maintained as well as the safe custody of the ceremonial mace and attire used in the exhibition.

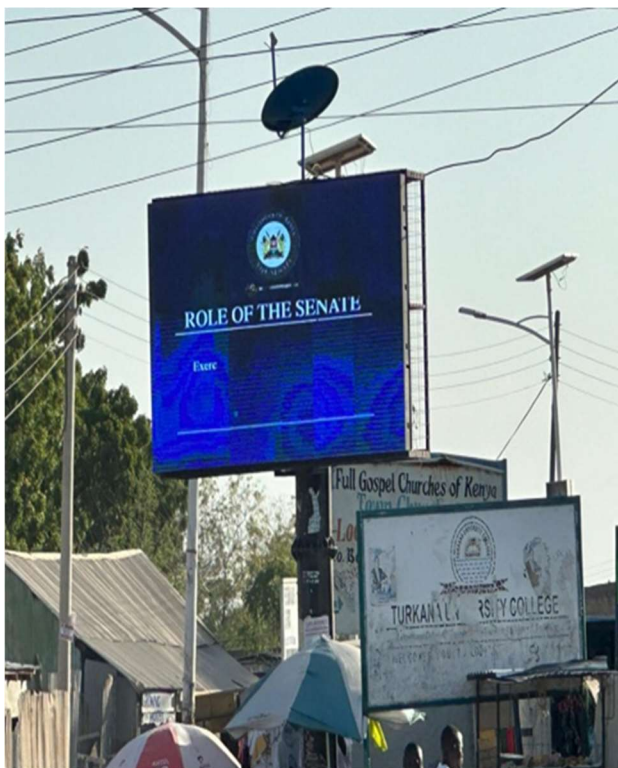

b) Publicity and branding

In order to provide visibility and identity to the event, the Department ensured the following –

- i.) The venue was branded with flag banners and branded signage for ease of identification by participants and for publicity.
- ii.) Two billboards were erected in Lodwar town for purposes of publicizing the Senate Mashinani sittings.
- iii.) The Senate Mashinani sittings were also streamed live on an LED screen at the town centre, where locals had a chance to follow the proceedings as they went about their businesses.

CHAPTER 9

CORPORATE SOCIAL RESPONSIBILITY (CSR) BY KEWOSA

The Kenya Women Senators Association (KEWOSA) is the association of Women Senators in Kenya. It was founded with the goal of facilitating the visualization of the role of women in the Senate. The Association's mandate centres around the following key areas – Legislation, Representation, Oversight and Capacity Building.

During the Third Senate Mashinani sittings that were held in Turkana County from 25th to 29th September, 2023, KEWOSA participated in several activities all geared towards helping the Association achieve its mandate. In specific, the activities were to enhance linkages between the Association and county assemblies.

The Serjeant-at-Arms of the Senate facilitated the KEWOSA activities by providing security to the Senators and other delegates, ensure bomb sweeps are carried as scheduled and effectively respond to any emergencies and take appropriate measures.

Activities of KEWOSA during Senate Mashinani

a) Medical Camp for residents of Lodwar Town

In collaboration with the Kenya Red Cross Society and medics from Turkana County Government, women Senators organized a medical camp for residents of Lodwar Town at the Kenya Prisons Grounds on Sunday, 24th September, 2023. The event brought together medical professionals, volunteers and essential services that facilitated in offering treatment to the locals.

b) Capacity Building Workshop for Women MCAs from Turkana and Trans Nzoia County Assemblies

KEWOSA held an impactful programme aimed at building the capacity of women MCAs from Trans Nzoia and Turkana county assemblies that was held at the Cradle Tented Camp and Lodge on Monday, 25th September, 2023. During the event, which was graced by the Turkana County Woman Representative, Hon. Cecilia Ngitit, the Turkana County First Lady, Hon. Lillian Ekamis and the Speaker of the Senate, Hon. Jeffah Amason Kingi, EGH, women Senators and women MCAs discussed a broad range of issues including the role of legislators in democratic governance, perspectives on women in leadership, challenges facing women legislators and snippets of wisdom by experienced Senators.

c) Visit to Lodwar Girls High School

The visit to Lodwar Girls was a collaborative effort between KEWOSA and women MCAs from Turkana County Assembly. The event was also graced by Turkana County First Lady, Hon. Lillian Ekamis. Mentorship talks were offered to the girls. The girls were also gifted with hygienic packs and sanitary towels donated by the Kenya Red Cross Society and KEWOSA. Women Senators also had an opportunity to plant trees in the school.

Challenges experienced

KEWOSA faced the following challenges in execution of activities during the Senate Mashinani: -

- i.) Noting that KEWOSA has no budget, there was lack of funding for key CSR activities such as the medical camp and the visit to Lodwar Girls High School. These activities are important as they go a long way in building the visibility of KEWOSA and ultimately enhancing the Senate brand; and
- ii.) The activities were done when the Senate Mashinani activities had commenced, consequently, limiting attendance of some Members to KEWOSA activities because some members sit in a number of Senate Committees.

Lessons learnt and opportunities for the future

- i.) The engagement between KEWOSA and women MCAs is a positive activity that enables a deeper understanding of challenges and opportunities in the various county assemblies. Consequently, there should always be such a programme in future Senate Mashinani's, to enhance linkages between KEWOSA and county assemblies;
- ii.) A separate two-day Pre Senate Mashinani programme should be drawn exclusively for KEWOSA activities and any CSR activities the Senate may propose to participate in; and
- iii.) The Senate to consider incorporating a CSR activity, which is relevant to the County of the sittings, that involves all the Senators and staffers. For example, environmental social responsibility such as tree planting, philanthropic social responsibility such as donations to schools, et cetera. This can be coordinated by the staff Wellness Committee.

SUCSESSES FROM THE SENATE SITTINGS IN TURKANA COUNTY

Objective 1: Promote the role and work of the Senate and enhance public awareness regarding the Business of the Senate and Parliament in general

- i.) The Senate and its Committees were able to interact directly with county leaders and residents in their context. This helped foster understanding between the Senate, the County Government and the residents of Turkana and enhance the profile of the Senate in representing and protecting the interests of Counties and their Governments.
- ii.) The sittings of the Senate and its Committees managed to attract substantial and favorable media coverage during the week and in the weeks preceding it. This helped enhance the visibility and knowledge of the Senate and its work among Kenyans.

Objective 2: Highlight existing and new opportunities for engagement in the legislative process

- iii.) Various dignitaries and leaders of the host and neighbouring counties attended the sittings of the Senate, thus facilitating a robust exchange of ideas, strengthening diplomatic relations and fostering collaborative legislative initiatives. Through these interactions, opportunities for mutual engagement in the legislative process emerged, promoting shared understanding and regional cooperation.

Objective 3: Develop and strengthen partnerships at the county level of government

- iv.) Senators and Members of the County Assembly interacted and engaged in different Committee meetings together, which in turn helped in networking and capacity building for the Members of the County Assembly.

Objective 4: Provide an opportunity to members and staff of county assemblies to learn and share best practices with Senators and parliamentary officers

- v.) Senators were able to interact with Members of the County Assembly, whereby transfer of skills and sharing of experiences took place.
- vi.) Senate staff were able to interact with the staff of the host County Assembly, both formally whereby transfer of skills and sharing of experiences took place, as well as informally through the various side events including the dinner hosted by the Clerk of the Senate. These helped in networking and capacity building for the staff of the County Assembly.

OTHER SUCCESSES

- vii.) The exemplary provision of security and the robust security measures implemented ensured a safe and conducive environment for the plenary proceedings and committee sittings, reflecting a commendable commitment to maintaining order and fostering a secure legislative space.
- viii.) The efficient and timely transaction of Senate business both in Plenary and Committees, despite the limited number of staff.
- ix.) Great leadership right from the planning level to the Senate Management. Facilitation was great and response to emergencies/requisitions was prompt.
- x.) The use of hired Character Generator for the graphics and high-definition cameras greatly enhanced the signal and output for *Senate Mashinani* in Turkana County.

CHALLENGES FROM THE SENATE SITTINGS IN TURKANA

- i.) Limited scheduled flights from Nairobi to Lodwar and back that necessitated travel by road by a majority of staff.
- ii.) The laxity in internet provision by the subcontractor which impeded the efficient flow of information and digital communication, underscoring the pressing need for improved connectivity in future *Senate Mashinani*.
- iii.) Erratic power supply at the County Assembly and the wider Lodwar town as a result of the town not being connected to the National grid. This in turn, caused continuous failure of equipment, interfered with recording of proceedings and affected production in general.
- iv.) Delay in the procurement and delivery of equipment that required to be set up and tested in advance.

FINAL RECOMMENDATIONS

- i.) Provide civic education to the residents of the host county on the purpose of *Senate Mashinani* prior to the sittings to manage their expectations.
- ii.) Early reservation of appropriate means of transport to avoid being left with fewer choices and less desirable options.
- iii.) Procurement of portable satellite internet to reduce dependency on fibre-optic internet.

- iv.) Consideration of Senate pre-qualified contractors in future sittings of the Senate in the counties.
- v.) Items to be donated to county assemblies to be identified during the initial/reconnaissance stage.
- vi.) The Senate to identify areas of interest of a county in future *Senate Mashinani* and fund the CSR activities to be undertaken.
- vii.) The Senate to advocate and participate in tree planting activities in counties during *Senate Mashinani*, in support of the Government's effort to reduce greenhouse emissions, stop and reverse deforestation and restore hectares of deforested and degraded landscapes.
- viii.) Plans for the next sittings of the Senate outside Nairobi to start early, with counties being notified and interested counties to write to the Senate showing their interest in hosting *Senate Mashinani*.
- ix.) Provision of adequate branded notebooks and pens to remain part and parcel of future Senate Mashinani branding.

ANNEXURES

1. MOTION - APPROVAL OF SITTINGS OF THE SENATE TO BE HELD IN TURKANA COUNTY

(The Senate Majority Leader)

THAT, AWARE that the Senate of Kenya is established under Article 93 of the Constitution and its main role, as set out at Article 96 is to represent, serve and protect the interests of the counties and their governments;

FURTHER AWARE of the critical role that the Senate plays in the interlinkage between the National and County levels of government, and the need to enhance the interaction between the Senate and county governments, as a means of bringing the Senate closer to the counties and the general public;

ACKNOWLEDGING the successes made during the sittings of the Senate outside Nairobi held in Uasin Gishu and Kitui Counties in September, 2018 and in September, 2019, respectively;

FURTHER ACKNOWLEDGING the recommendation of the Senate Business Committee that a sitting of the Senate be held away from the traditional premises in Parliament Buildings, Nairobi, during the term of the 13th Parliament; and the subsequent resolution of the Senate made on 8th March, 2023, to hold plenary and committee sittings in the counties for a one-week period within the month of September in every Session of the 4th Senate, except during an election year with the objective to: -

- 1) promote the role and work of the Senate and enhance public awareness regarding the Business of the Senate and Parliament in general;
- 2) highlight existing and new opportunities for engagement in the legislative process;
- 3) develop and strengthen partnerships at the county level of government; and
- 4) provide an opportunity to members and staff of county assemblies to learn and share best practices with Senators and parliamentary officers;

NOW THEREFORE, pursuant to Article 126 (1) of the Constitution, the Senate resolves to hold its Plenary and Committee sittings in Turkana County, from 25th to 29th September, 2023.

OFFICE OF THE CLERK OF THE SENATE

Ref: SBOM/RES/147/2024

16th February, 2024

Mr. Zakayo Mogere,
Deputy Director, Legislative and Procedural Services,
NAIROBI.

RE: REPORT OF THE PLANNING COMMITTEE FOR THE SITTINGS OF THE SENATE IN TURKANA COUNTY

At its Special Meeting held on 12th February, 2024, the Senate Board of Management considered the Report of the Planning Committee for the Sitzings of the Senate in Turkana County as contained in Board Paper No.220 of 2024 and resolved as follows -

- 1. Noted the Report and commended the Chairperson and the Planning Committee for successfully coordinating the Sitzings of the Senate in Turkana County.**
- 2. That payments for service providers who facilitated the Senate Sitzings in Turkana County be processed to ensure that all outstanding debts related to the Sitzings are cleared.**
- 3. That pre-qualified contractors be considered for providing services in future Sitzings of the Senate in the counties.**
- 4. That procurement of appropriate means of transport during Sitzings of the Senate in the Counties be done early to avoid having fewer and inadequate choices.**
- 5. That portable satellite internet be procured to reduce dependency on fibre-optic internet during the Senate Mashinani.**
- 6. That items for donation to county assemblies that host the Senate Mashinani be identified during the reconnaissance stage.**
- 7. That the Senate identifies areas of interest in the host County for Corporate Social Responsibility activities to be undertaken.**

8. That the Senate advocates and participates in tree planting activities in counties during Senate Mashinani in support of the Government's effort to reduce greenhouse emissions, stop and reverse deforestation and restore hectares of deforested and degraded landscapes.
9. That plans for the next sittings of the Senate outside Nairobi commence early, with counties being notified and interested counties to write to the Senate showing their interest in hosting the Senate Mashinani.
10. That provision of adequate branded notebooks and pens remains part and parcel of future Senate Mashinani branding.

Please take necessary action(s) to implement the above resolution(s) as directed by the Board.

**VERONICAH KIBATI,
SECRETARY, SENATE BOARD OF MANAGEMENT.**
