

PUBLIC PARTICIPATION AND OUTREACH

The Senate Liaison Office (SLO), operating under the Office of the Clerk of the Senate, coordinates the Internship and Attachment Programs as part of its Capacity Development mandate, one of the SLO's three strategic pillars.

The Senate facilitates public participation and outreach initiatives to promote meaningful engagement between Parliament and the public. These initiatives provide opportunities for citizens to learn about the work of the Senate and contribute to legislative and policy processes. The outreach activities include Senate youth engagement initiatives and other organized visits, including school visits, engagements with self-organized groups, and interactions with individual members of the public.

THE SENATE YOUTH ENGAGEMENT

The Senate recognizes the role of the youth in shaping Kenya's socio-economic and political future. The Senate Youth Desk was established to coordinate outreach activities that engage young people and to provide a platform for engagement between the Senate and organized youth groups. Additionally, the Senate facilitates school visits, giving students access to Parliament to learn about the workings of the legislature, with a view to instilling a culture of patriotism and appreciation for devolution.

Youth Engagement Initiatives

- Facilitate engagement with youth organizations, e.g., university groups and other organized youth groups.
- Facilitate the Bunge Youth Dialogue in collaboration with the Kenya Young Parliamentarians Association (KYPA) and other partners.
